

THINKING & FEELING

I want something that just works.

I don't want an extra suitcase and a million peripherals

any to choose from on market. I'm confused!

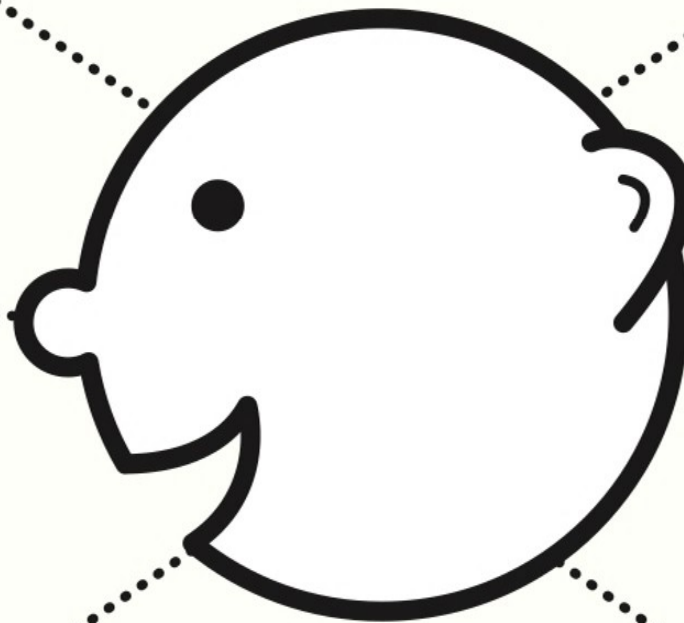

HEARING

My friend Jane said her \$1000 Sony camcorder it doesn't even work with her Mac

Dad's still nagging me to give him a copy of the video from last

AYING

What the hell is a CODEC? I don't care, i just want to point and shoot!
